Passionate and dedicated Frontend Developer currently pursuing a degree in Computer Science at IPB University. Proficient in React.js, Next.js, HTML, CSS, and graphic design, with hands-on experience in various web frameworks. Eager to secure an internship to further enhance technical skills and contribute to innovative projects within a dynamic team environment.

PROJECTS

Frontend Developer

PWA Dashboard - GoDentist

05/2024 - 06/2024

- Developed the user interface for the GoDentist smart dashboard, improving the user experience and operational efficiency.
- Implemented REST API integrations to streamline the validation and monitoring processes for partner dentists and clinics.
- Utilized Next.js, Tailwind CSS, ShadcnUI, Git, and GitHub to build a responsive and scalable application.

Frontend Developer

ILKOMUNITY

05/2023 - 10/2023

- Developed a central information hub for communities in the Computer Science department at IPB University.
- Utilized Astro, TypeScript, JavaScript, Bootstrap, CSS, and SCSS to create a responsive and user-friendly website.

Full Stack Developer

SOFTWARE ENGINEERING COURSE

02/2023 - 06/2023

- Developed a comprehensive web application aimed at enhancing student productivity by integrating multiple features into a single platform.
- Utilized Python and Django for backend development to ensure robust functionality and seamless data management.
- Applied JavaScript, HTML, and CSS for frontend development to create an intuitive and visually appealing user interface.

EDUCATION

COMPUTER SCIENCE - GPA 3.52

Bogor, Indonesia

IPB University - Undergraduate

08/2021 - Present

COURSES

Bangkit Academy 2024 By Google, GoTo - Cloud Computing Learning path

02/2024 - Present

- Completed coursework in Google IT Support, Cloud Computing, Web and JavaScript Basics, Back-End Basics, and Cloud Engineering. Gained foundational skills in cloud computing, application deployment, operations monitoring, AI, and machine learning for cloud engineers.
